

Town of Ridgefield Open Space Inventory

October 20, 2022

**Prepared by the Ridgefield
Conservation Commission**

**Town Hall Annex
66 Prospect Street
Ridgefield, CT 06877**

Town of Ridgefield Open Space Inventory (2022 Update)

After examination of all open-space deeds, the Ridgefield Conservation Commission (RCC) has discovered that over 1,000 acres require additional protection than prior reviews indicated. In addition, upon consultation with the Board of Selectmen (BOS), 35 acres needed to be removed from the open-space list. This document reviews that examination process and the current state of open space in Ridgefield. Reference tables can be found at the end of this document.

Background

Starting in 2019, the RCC decided to undertake a comprehensive deed review of all its properties (Figure 1) to ensure that RCC accounting reflected requirements identified in the State's *DEEP Comprehensive Open Space Acquisition Plan* (referred to as the *2016-2020 Green Plan*). Open space is defined by DEEP as:

Any area of undeveloped or relatively natural land, including forest land, land designated as wetland under section 22a-30, and not excluding farm land, the preservation or restriction of the use of which would:

- Maintain and enhance the conservation of natural or scenic resources.
- Protect natural streams or water supply.
- Promote conservation of soils, wetlands, beaches, or tidal marshes.
- Enhance the value to the public of abutting or neighboring parks, forest, wildlife preserves, nature reservations, or sanctuaries, or other open spaces.
- Enhance public recreation opportunities.
- Preserve historic sites.

Open space does not include undeveloped natural land or land with an unofficial passive recreational use. For land to be deemed open space, it must be preserved or protected for open space use in a specific way:

- **Preserved Open Space** – An area of land that has been acquired and is used for open space purposes. Such land includes DEEP's State Parks, State Forests, and Wildlife Areas, and Class I and II watershed land.
- **Protected Open Space** – Any area of land with a restriction that would limit its use to open space. Such land includes lands subject to conservation restriction, deed restriction, or certain reserved rights.

During its investigation of open-space property deeds, the RCC discovered that many parcels that were considered open space had neither of the aforementioned protections. A remedy to this situation was required. As shown in Table 1, open space in Ridgefield is now estimated at 5,615 acres, or 25% of the Town's 22,387 acres of land.

The Town has had a long-term aspirational goal that 30% of its acreage should be dedicated open space. At this time, it is 1,101 acres short of this target.

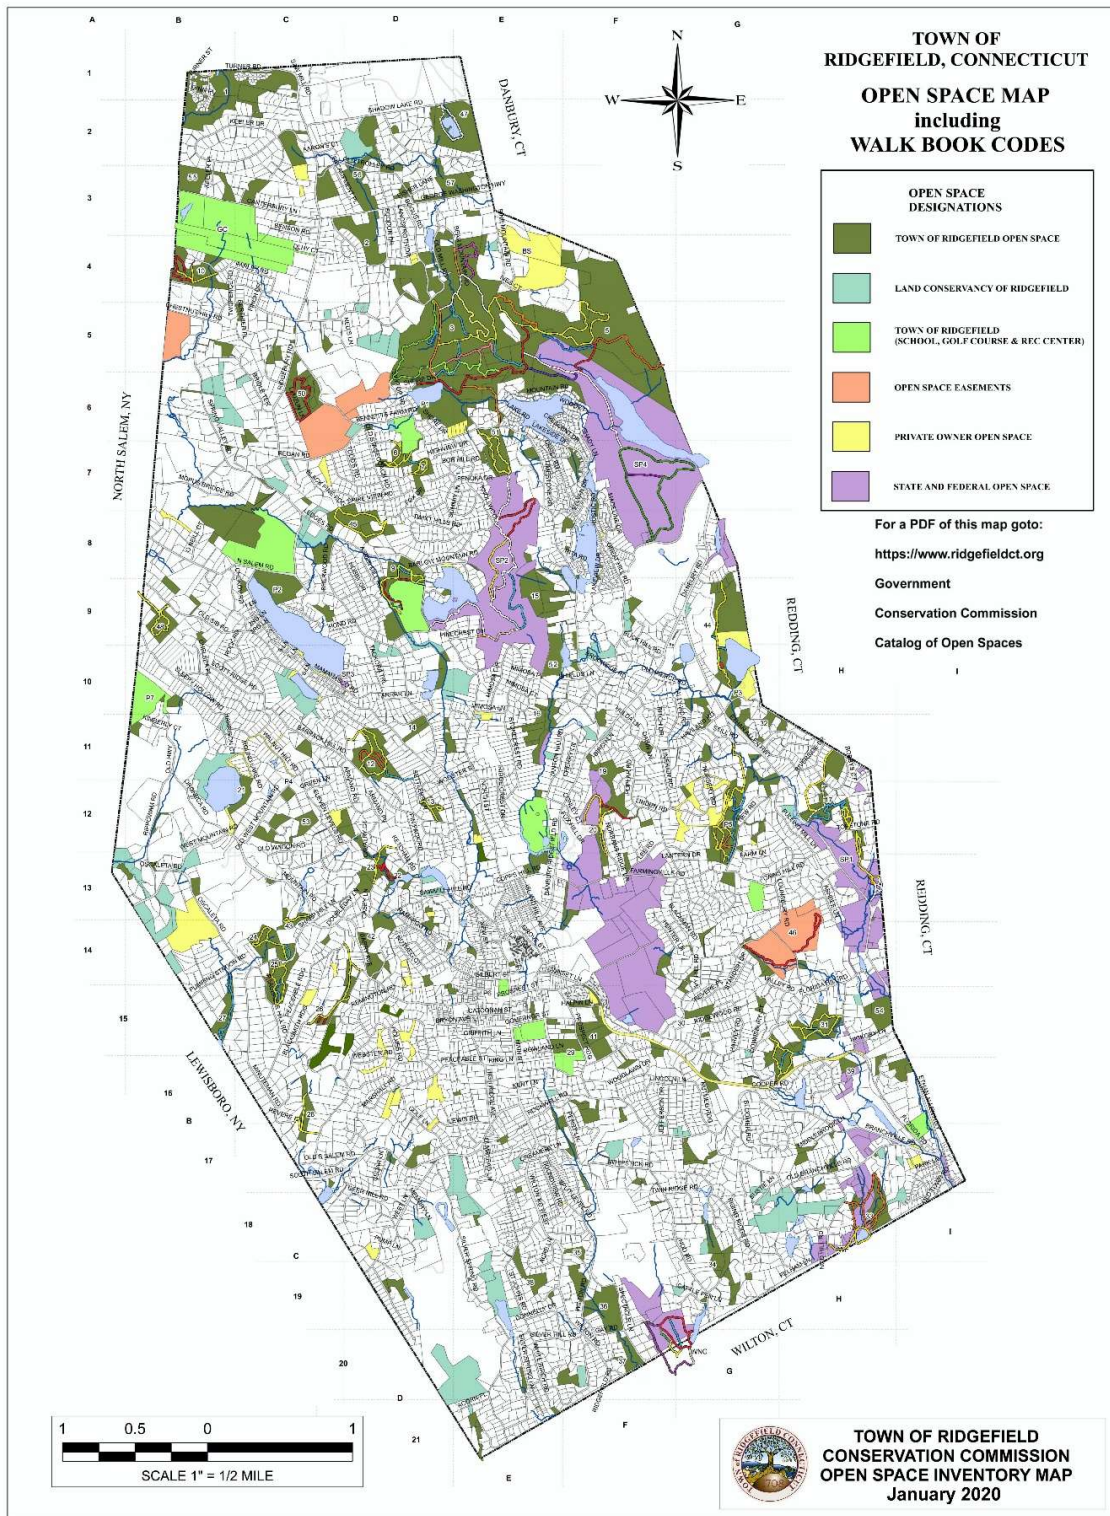

Figure 1

Table 1
Town of Ridgefield
Summary of Open Space Land

Category	Acres		
A, B, Town of Ridgefield			
Designated open space	2,697		
Parks	211		
Subtotal	2,908		
C. Land Conservancy of Ridgefield			
Owned	532		
Easements	170		
Subtotal	702		
D. State and Federal Properties	1,417		
E. Privately-Owned Properties			
Homeowner's associations	189		
Conservation easements	305		
Other	94		
Subtotal	588		
Total of all categories	5,615	acres, %=	25.0
Total Town Area = 35 square miles, or 22,387 acres	6,716	acres, %=	30.0
Shortage from Goal =	1,101	acres	

A. Town of Ridgefield Owned Open Space

This year, the RCC concluded a review of nearly 400 Town-owned parcels with the DEEP definition of open space in mind. It discovered that nearly 100 of these parcels (comprising 1,059 acres) were not protected open space as either the deeds did not transfer the property to the RCC or have language in the property transfer establishing their use as open space.

In order to properly protect these parcels as open space, the RCC developed a *Declaration of Open Space* deed addendum. It was approved by the BOS on September 21, 2022 to proceed to a Public Hearing on October 6, 2022 and a Town Meeting on October 19, 2022. Town residents voted on and approved the *Declaration of Open Space* on October 19, 2022. This declaration stated that the listed properties in the declaration are to be protected as open space in perpetuity under the jurisdiction of the RCC and managed in accordance with the *Open Space Use Ordinance of Ridgefield*. As part of this process, a 27-acre parcel near Ridgefield High School is now protected in the form of a conservation easement, counting as open space.

Two properties that the RCC had formerly considered as open space, Prospect Ridge and East Ridge, have been deleted from the Town's open-space inventory by the BOS, removing 35 acres from its total. These parcels are Town land and can be used in the future for any purpose deemed appropriate by the Town.

The RCC list of numbered properties (Table A-1) shows 58 named properties with and without trails. The numbers correspond to those in the 2016 edition of *the Ridgefield Walk Book* (Numbers 1 to 51) and a few new ones (Numbers 52 to 58) Also, former properties 29 and 41 were deleted from the open space inventory and have been replaced with two other properties. Thus, with recent land additions and clarifications, Town of Ridgefield owned open space (Table A-2) is now estimated at 2,697 acres.

B. Town of Ridgefield Parks

Open spaces that are considered parks (Table A-3) are counted as follows:

	Acres
Aldrich Park	52
Ballard Park	5
Lake Windwing	39
Martin Park	29
Richardson Park	29
Sachem Hill	4
Sturges Park	53
Total	211

C. Land Conservancy of Ridgefield

The Land Conservancy owns 532 acres of property in Ridgefield. In addition, private landowners have granted 170 acres of easements for open-space protection adding up to a total of 702 acres (Table A-4). These properties are determined from the RCC Master List of Town Open Space Properties and the Conservancy web site.

D. State and Federal Properties

State and federal open space is counted as follows (Table A-5):

	Acres
Norwalk River Environmental Study Area	10
John Soluri (State portion)	28
Seth Low Pierrepont State Park	311
Lake Mamanasco Boat Launch	2
Bennett's Pond State Park	460
Weir Farm (State, in Ridgefield)	19
Weir Farm (Federal)	37
Woodcock Nature Center (Ridgefield portion)	61
Great Swamp	350
Floodplains (various locations)	117
Other Small Properties	22
Total	1,417

E. Privately-owned Open Space Properties

Privately-owned open space consists of the following (Table A-6):

	Acres
Homeowners' associations	189
Aquarion Water Co.	69
Eversource (CL&P)	25
Total	283

Open space consisting of the property of homeowners' associations is derived from a review of the Tax Assessor Maps and review of the Town Grand List.

In addition, the Town of Ridgefield holds conservation easements on **305** acres of private property (Table A-7). Conservation easements on private property are counted from a review of the Tax Assessor Maps. The largest parcel in this group is the 108-acre Brewster Farm on Lounsbury Road.

Privately-owned open space does NOT include the following parcels:

	Acres
Great Pond Club	33
Silver Spring Country Club	296
Private cemeteries	34
Boys and Girls Club	8

F. Town-Owned Properties not Included as Open Space

None of the following properties are included as open space as they do not meet the DEEP definition of open space (Table A-8):

	Acres
Town Cemeteries	30
Community Center	5
Ridgefield Recreation Center	48
Schools	NA
Golf Course	175
Schlumberger	30
East Ridge	11
Prospect Ridge	34

G. Public Act 490 Properties

In 1963, the Connecticut Legislature passed Public Act 490. This act was passed in order to encourage the preservation of open space, forests, and farm land that was beginning to be developed. In essence, if the property meets the requirements of Public Act 490 it will be taxed at the “use value” as opposed to the fair market value of the land resulting in a significant tax savings. However, if the property is sold or taken out of the designation within 10 years it may be subject to a conveyance tax penalty.

There is a total of 2,567 acres of PA490 properties in Ridgefield as of October 2020. This number overlaps with some previously identified types of properties such as state parks, Aquarion, and others. The RCC does not count any PA490 properties in its inventory as individual properties need to be analyzed for potential open space designation. In addition, none of these properties are protected in perpetuity.

History of Changes from January 1, 2020 Report

2021 Updates

Miscellaneous

- Table A-6 – Corrected some minor State designation errors.

Purchase of Bear Mountain Property in September 2020

- Table A-2: Added new parcel (E03-0028) created after Lake subdivision.
- Table A-3: Added new parcel; combine with E03-0013, move E03-0013.
- Table A-1: Added property number 58 (17 acres); deleted 3 acres from miscellaneous open space-parcels
- Table 1: Derives from Table A-1, made adjustments.

Public Act 490 Properties

- Added discussion.

History of Changes from January 1, 2021 Report

(Note: table numbers have been changed)

Donation of Route 7 Property (G08-0012)

- Table A-2 (former A-3): Added property to list under other open space parcels.

Acquisition of Boy Scout Property

- Table A-6 (former A-7): Removed reference to Scout parcel.
- Table A-2 (former A-3): Added information removed from Table A-6 (former A-7) and included in Pine Mountain (E03-0019).

Declaration of Open Space Review

- Several cemeteries were deleted (E06-0109, E13-0165, and E17-0143) totaling less than 1 acre.
- The East Ridge property was deleted from the open-space inventory (10.5 acres).
- The Prospect Ridge property was deleted from the open-space inventory (33.7 acres).
- A 27-acre parcel near the High School became protected in the form of a conservation easement.
