

ATTENTION RIDGEFIELD RESIDENTS
“Emergency Communications System”

The Town of Ridgefield maintains an emergency notification system for use during emergencies. The system uses the telephone to notify residents of important emergency information and provide any necessary emergency instructions. The telephone numbers are provided by AT&T annually and include **only** published telephone numbers, (telephone numbers routinely found in the White Pages of your telephone book).

If you have an unlisted or unpublished telephone number and you wish to be included in the emergency communications system, you **must** register your phone number by completing this form.

This form should also be completed if you do not maintain a hare-wired telephone but instead rely on cell service for your home telephone.

Today's Date: ____/____/____

Name: _____

Address: _____

Unlisted/Unpublished Home Telephone Number: (____) _____

Please mail this form back to:

Town of Ridgefield Emergency Management
c/o Ridgefield Fire Department
6 Catoonah Street
Ridgefield, CT 06877

If you require assistance completing this form or have questions, please call (203) 431-2726.
