ACTION: AAC recommends design approval as noted

AAC does not recommend design approval

Additional design studies/information requested

Other: _____

COMMENTS, EXCEPTIONS AND/OR RECOMMENDED CONDITIONS

The Boehringer team presented an exceptionally well-detailed application for the planned expansion of their existing Process Development Laboratory building. The addition will be done with the same exterior materials as the current building, and will blend in with the neighboring Boehringer buildings. The building and its addition are situated on the site where they will not be visible from Ridgefield's public roads.

We have no objections to this planned expansion of this laboratory building.

Vote

For approval of recommendations: 3

Against approval of recommendations: 0
