## COMMENTS, EXCEPTIONS AND/OR RECOMMENDED CONDITIONS

The AAC recommends approval of the concept for an internally lit sign, with an opaque dark brown background (no light can pass through the background) and light tan lettering. The sign shall be 2'x8'. (at night the light will pass through the lettering only)

We recommend that the applicant have her sign company do a new layout including the scroll design that she presented at our meeting. The applicant may wish to consider all the wording on one line, as it would lay out better on a sign with strong horizontal dimension.

The applicant should submit a final design when she applies for her permit.
