

Minutes  
Programs and Long Range Planning  
July 28, 2009

Present:

Paul Roche, Director

Evie Bottali

Gina Carey

Purpose: To discuss request from citizen regarding use of whirlpool for medical reasons.

Meeting began at: 7:30 am

The sub-committee reviewed a letter from Ms. Julie Landau requesting permission to use the whirlpool only and not obtain a full wellness membership.

After much discussion, the sub-committee felt that there would have to be an accountable way to control the occasional use of the whirlpool by non-members. In order to have a mechanism for those with medical issues to use the wellness center and whirlpool on a limited base, the sub-committee felt that the Director could offer a temporary membership for a period of up to three months at a pro-rated fee. Medical need would have to be substantiated by a letter from the person's doctor. It was further decided that if a participant wanted to extend the membership to a full year, the fee already paid would be applied to the cost.

Mr. Roche will develop a policy which reflects the above.

Meeting adjourned: 7:50am.
