Board of Selectmen Special Meeting Agenda

1. Turner Hill Site Visit

R. Marconi called the meeting to order at 10:00 a.m.

The Board of Selectmen met with the parties mentioned above at the recreational pool area located on Barnum Road and proceeded to walk down Barnum, observing several properties that illustrated encroachment into open space. The procession then continued up Lynn Place, observing several more. Discussion took place on possible alternative solutions. The First Selectman will investigate the possibility of adjoining open space that might possibly be purchased/swapped with Danbury.

The meeting was adjourned at 11:30 a.m.

Respectfully submitted,

Wendy Gannon Lionetti
Assistant to First Selectman
