Minutes

Sean Sulli announced the Barn is unable to be identified as a club at RHS - it does not meet the proposal does not meet the criteria.

Update on structural issues at the Barn

Rudy is working on what the town will be able to do in repairing/replacing some of the equipment and structural areas in need. He will be exploring moving the water heater on to a platform, the drainage issue and talking with the bank next door. The air quality continues to be a concern although it has greatly improved. The beam was secured and the Barn is now open. Several damaged pieces of furniture have been tossed. Rudy will explore getting a Hudson Recycling Bin to be placed at the Barn. That will enable more space for recycling and a much neater presentation outside the building.

Fund Raising Event

The Community Center has donated space for our February 24th fundraising event. Lauren Mary Gotimer has volunteered to chair the event to raise money to upgrade the Barn for the next generation. All those interested in participating please email Lauren Mary at laruen.mary.gotimer@gmail.com

The commission agreed to provide money for an ice cream social to celebrate the Barn's 16th birthday.
