The Barn teen center, est. 1994, and Graham Dickinson SPIRIT Skate Park, est. 1998, have been filling voids for Ridgefield youth for many years. They provide the “perfect fit” for many young people by offering programs and philosophies that reach beyond the traditional, embracing diversity, inclusion, tolerance and respect. Both facilities contribute recreation, unique events, and a supportive social community, as well as guidance, leadership training and employment opportunities for hundreds of Ridgefield youth each year.

What better way to say **Yes-2-Youth?**

We are proud to be a part of the youth-serving network of programs in Ridgefield.

Please join us as we acknowledge the contributions of the **Graham Dickinson SPIRIT Skate Park** and **The Barn**. Your support is needed to help keep these valuable programs available for our kids. We believe a community that provides a rich fabric of alternatives is saying Yes-2-Youth!
