Dear Members of the Planning and Zoning Commission,

As the First Selectman of the Town of Ridgefield, I'm writing on behalf of the Board of Selectman to express support for the 2020 Plan of Conservation and Development (POCD) – a guiding document that provides a framework for consistent decision-making for conservation and development activities in our town. This letter of support is in line with CGS Section 8-23 requiring endorsement from the Board of Selectman prior to the adoption of the 2020 POCD.

Thank-you for the work done by the commission to produce this document. The BOS has no changes to recommend. At the recent May 27, 2020 BOS meeting there was only positive feedback in support of this document and all were in favor of presenting the 2020 POCD for an adoption hearing at the next Planning and Zoning Commission meeting.

Sincerely,

Rudy Marconi, First Selectman of the Town of Ridgefield
