EROSION AND SEDIMENT CONTROL COMPLIANCE

(For all exterior work and earth disturbance, including septic system improvements required for interior renovations.)

Property Location: _____

I agree to install and maintain erosion and sediment controls in compliance with the 2002 *Connecticut Guidelines for Soil Erosion and Sediment Control* (DEP Bulletin 34) as amended, until the construction has been completed and the disturbed areas have been stabilized.

I acknowledge that the Commission/Board, its agent, the zoning enforcement officer and/or inland wetlands agent are hereby authorized to withhold the issuance of permits or the issuance of zoning certificates of compliance unless, in its judgment, accelerated erosion and sedimentation control measures have been complied with.

I acknowledge that the Commission/Board, its agent, the zoning enforcement officer and/or inland wetlands agent reserves the right to require additional erosion control measures as needed throughout the construction process, and I agree to install and maintain said additional erosion control measures.

I hereby permit inspections to be made by the Commission/Board, its agent, the zoning enforcement officer and/or inland wetlands agent to ensure compliance with the Sec. 7.6 (Erosion and Sediment Control) of the Ridgefield Zoning Regulations.

I hereby accept responsibility for installation and maintenance of the Erosion and Sediment Controls.
