Commission for the Disabled, Sept. 18, 5:00 p.m., Large Conference Room

Present: D. Ciota, T. Phillips, S. A. Savento, C. Calabro, C. Santori, E. Pearson, W. Kenyon

Convene: 5:20

1. There was no public comment
2. D. Ciota presented the package of information which has been prepared as part of a Request For Quotation (RFQ) whose objective is to obtain a Self Assessment Report, and a Transition Plan. Both of these are needed to put Ridgefield on a path to compliance with the Americans with Disability Act (ADA).

The package was prepared by D. Ciota and T. Phillips with input from First Selectman R. Marconi. It consists of:

- a) Definition of Objectives
- b) Scope of Services: 12 Tasks, with target dates
- c) List of Ridgefield Town Facilities (buildings) with assigned priorities, plus a list of schools
- d) Map of streets proposed for inclusion in a study of sidewalk status and needs
- e) List of town parks and outdoor spaces
- f) List of Ridgefield open spaces. This list is quite long. It is likely that only 3 or 4 would be included in the final

study, and action would be proposed to ensure accessibility by cars.

g) List of facilities of the Ridgefield Housing Authority.

This package is on the point of being sent out to a number of potential bidders by Ridgefield's purchasing department.
