Ridgefield COVID Report

Ridgefield COVID-19 Task Force
Data downloaded from
https://data.ct.gov/browse?category=Health+and+Human+Services
**(as of Monday November 30, 2020 at 4PM)**

Summary

- **There were 14 new cases in Ridgefield over the past three days**
  - There was no report from the state on Saturday or Sunday

- **This translates to a slightly decreased New Case Rate of 21.1 new cases per 100,000 residents**
  - This number has been relatively stable over the past 6 days

- **The Test Positivity rate (averaged over the past 7 days) has decreased to 2.3%**
  - This is one of the lowest rates among towns in Fairfield County

- **Ridgefield has increased testing over the past 7 days, with reduced New Cases & Test Positivity**
  - This is a generally favorable trend

- **We all understand that the coming weeks will present significant new challenges**
  - We must all commit to continue the mitigation efforts that have made a measurable impact so far.
Ridgefield COVID-19 Task Force

There were 14 new cases reported in Ridgefield over the past 3 days (no reports on Weekend)

Slide 3

Ridgefield has one of the lower New Case Rates in Fairfield County

New Case Rates and Town Alert Levels (as of 11/29/2020)

The New Case Rate is the number of new cases per day per 100,000 residents.
New Case Rates are computed using a 7-day moving average.
These Alert Levels may differ from those issued weekly by the State.
