Ridgefield, CT: March 24, 2021: “Ridgefield is not heading in the right direction,” said First Selectman Rudy Marconi. “We now have the third highest positivity rate in Fairfield County and I have to ask myself why? What are we doing wrong?” Marconi says he understands pandemic fatigue and even spring fever, but he asks the community to keep their eye on the goal. If everyone will be patient and stay the course, we can get through this. But 28 new cases in one day is a giant step backwards. Please stop gathering. Keep to your small and controlled bubbles. Do not relax your efforts.”

- New Cases Reported Tuesday 3/23/21: 28
- Test positivity rate (per 100,000 residents): 46.4
