IV. Review of CARF-Vanessa Rossitto via telephone.
No anticipation of changes. Draft is not the final version. Change in draft: Opinion-everything correctly stated with accounting. Management looked at Tiger Hollow Funds. One cash account was not under custody of town so its been removed from fund. Over $60,000. Review of Management discussion on page 4. Vanessa urged for this to be read along with the financials. Page 16, 17 government wide. Funds are aggregated together. The deferred in-flow and out-flow are noted on those pages. Page 18-20 are major town funds. Governmental funds added together increased $11.3 million for the year. Page 23; two internal service funds net positions $248,419, $11,000 increase from last year. Page 50, large town liabilities. Net pension asset liability. Town is well funded. Assets increased $4 million. Page 60, OPEB liabilities down a small amount. Currently $23.5 million, slightly down from last year. Page 72, $15.62 million for pension expense for teachers. Numbers are looked at every year by Vanessa. A large number in building repairs. Page 98-100 history shows trend of going down. *Note, tables in back of report are unaudited. Page 44-45 sewer bond not reflected. Recommendations are coming from Board of Ed. Leslie (Vanessa’s colleague) to meet with the Board of Ed in January.
V. Treasurer’s Report-Molly McGeehin not in attendance. Money is moved around to get the best rate. On track for revenue budget. $8 million treasury bill to bring $200,000 in revenue in January.

VI. Tax Collector Report-Jane Berendsen Hill in attendance. Currently doing well with no worries. Prior year hope for deferred accounts which can be substantial. Nervous about prior year collection. Supplemental motor vehicle $1 million looks solid. Bills went out last week, should start coming in soon.

VII. BOE Financial Report-Doug Silver in attendance. Currently on track to meet budget. Energy price is locked in with nothing unusual going on. Had two collapsed classes and no teachers hired post budget. There were not many post hires of Paras that were unexpected and no impending legal cases. Funds are being spent properly with no substantial transfers. Passed capital request to arrange a tour of the capital request with First Selectman and BOF.

VIII. Depot Road Bridge-R. Marconi in attendance to discuss DOT project in Branchville. TAP-grant for pedestrian activity. FLBP-federal grant approved for two major projects at Portland Avenue and Metro North crossing. GPR (Ground Penetrating Radar) testing to be done. Depot Road Bridge needs to be replaced, $1.8 million. Ridgefield is responsible for 20% of the construction cost. There is a town meeting on January 8, 2019 for the people to vote on the allocation of the 20%. An estimate of $354,000, however, requesting $455,000 in worst case scenario. If the extra money isn’t needed, then it won’t be spent. The excess is due to the exact percentage of the grant that Ridgefield would need to pay out of pocket. The time frame is that it’s out to bid ASAP, then approximately a year before physical construction to begin. The expenditure to take place during the construction.

Motion to waive the reading of the entire resolution by M. Rettger, seconded by G. Kabasakalian. All in favor. D. Ulmer read partial of resolution.

5+7 Forecast - Not much has changed. Parks and Rec are on budget. Conveyance is ahead of last year. Looking at a $50,000 favorability. Not much funds in excess.

Revenues: Ambulance is strong.

Expenses - roads are costly with more work needed to be done. No money will be left in road budget after all work is completed. Much work has already been done so far.

The concern is the entrance to Fox Hill.
